ZEBRA PAPER CRAFT**

Glue ears, eyes and nose onto front of flap

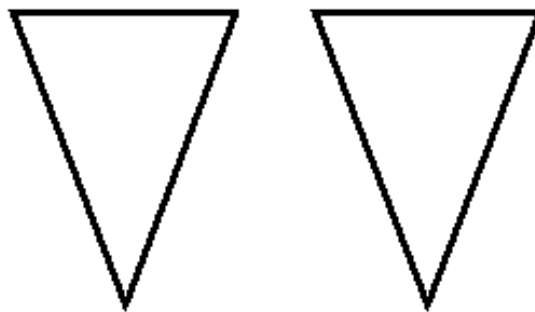

flap=mouth

## WEEK # 1 CRAFT: LION PAPERBAG PUPPET

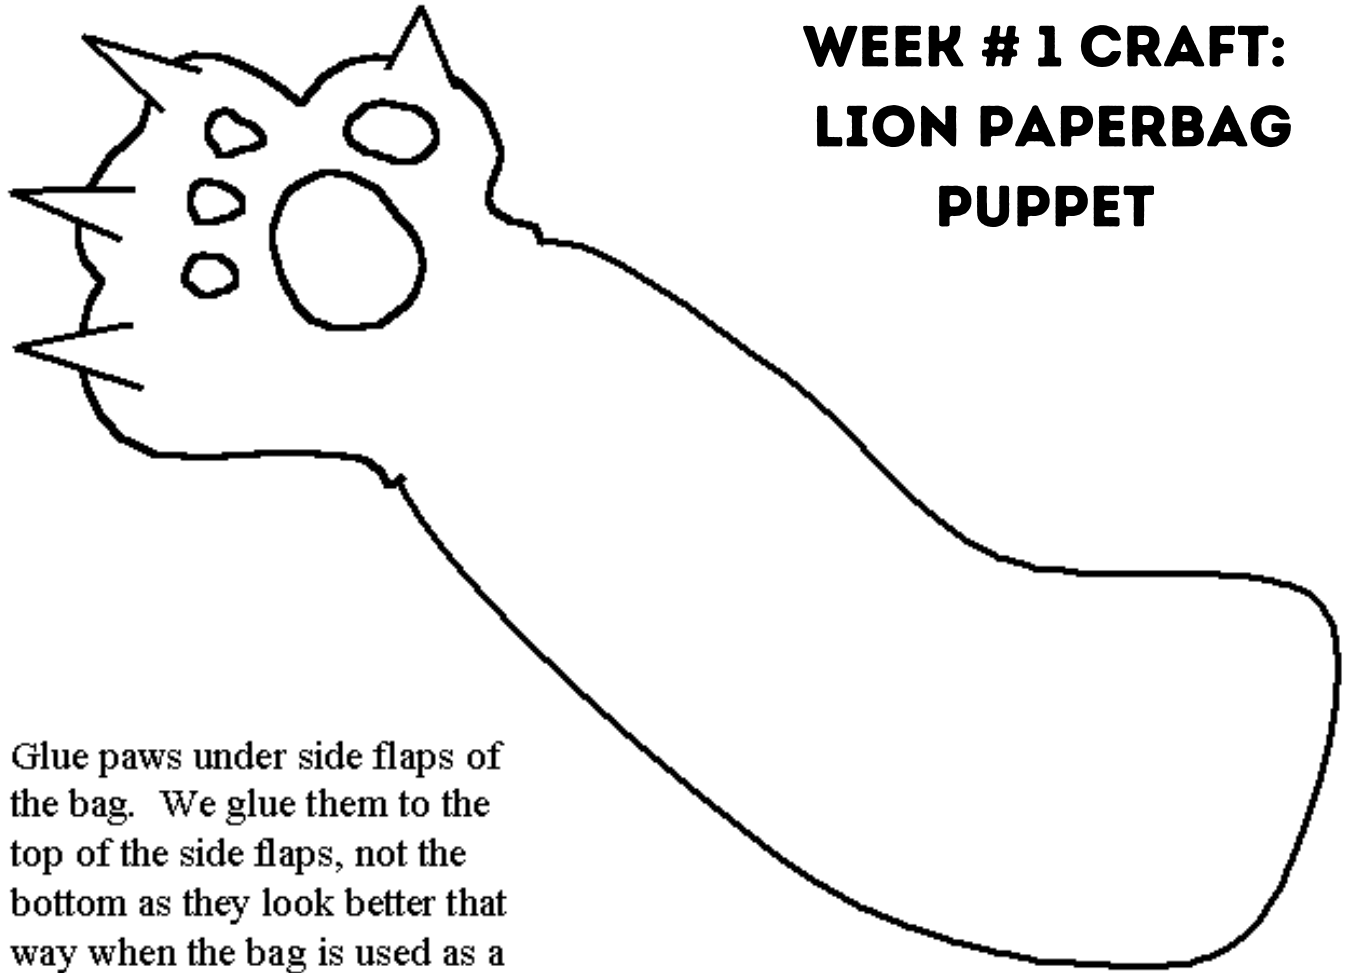

Glue tongue under flap so you cannot see it when flap is closed.

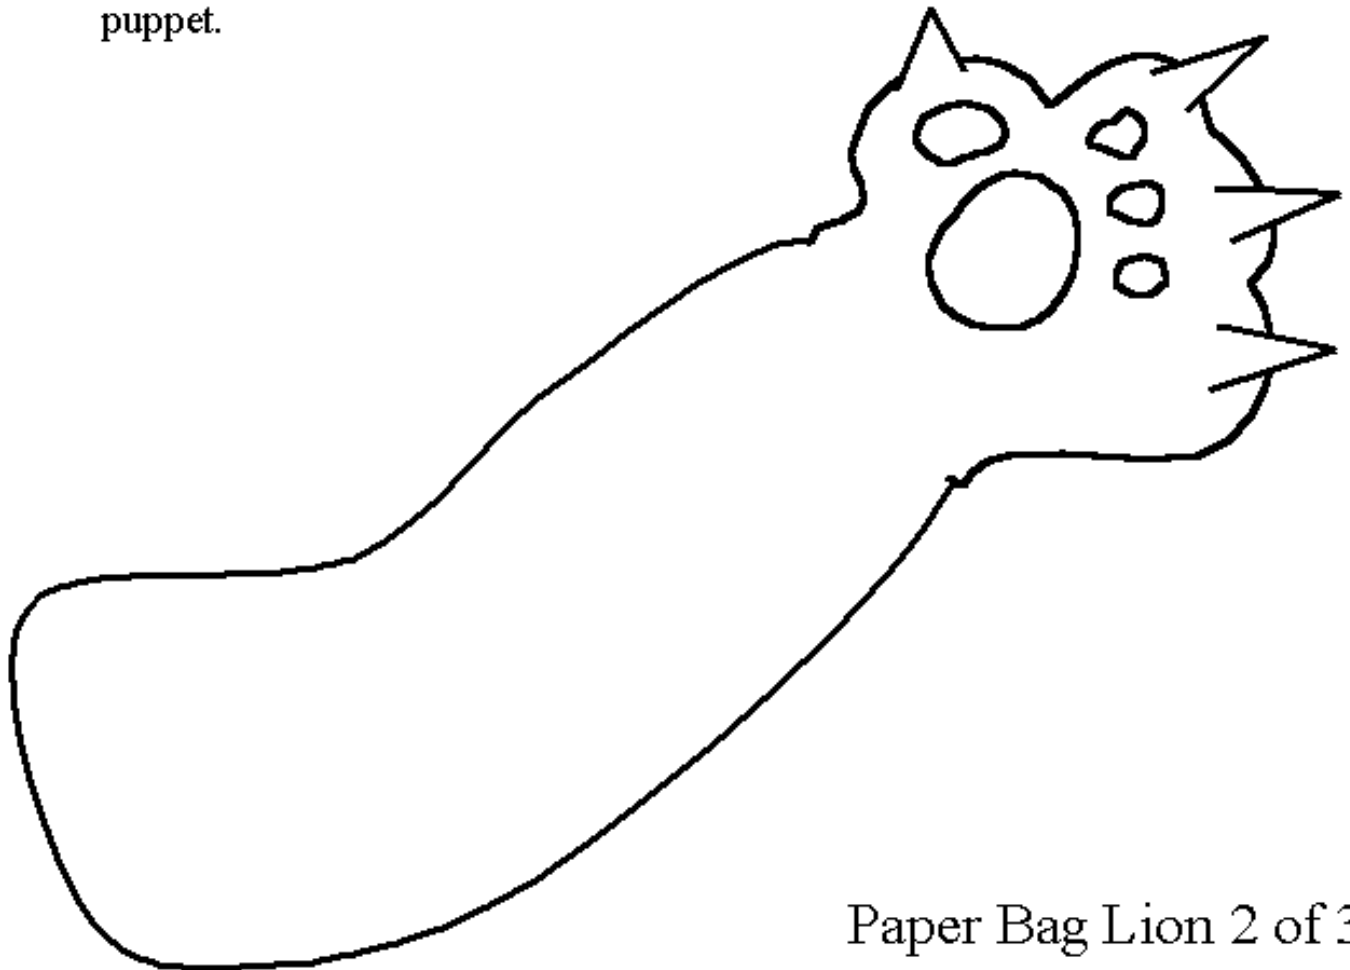

Glue teeth under flap so they are visible when flap is closed.

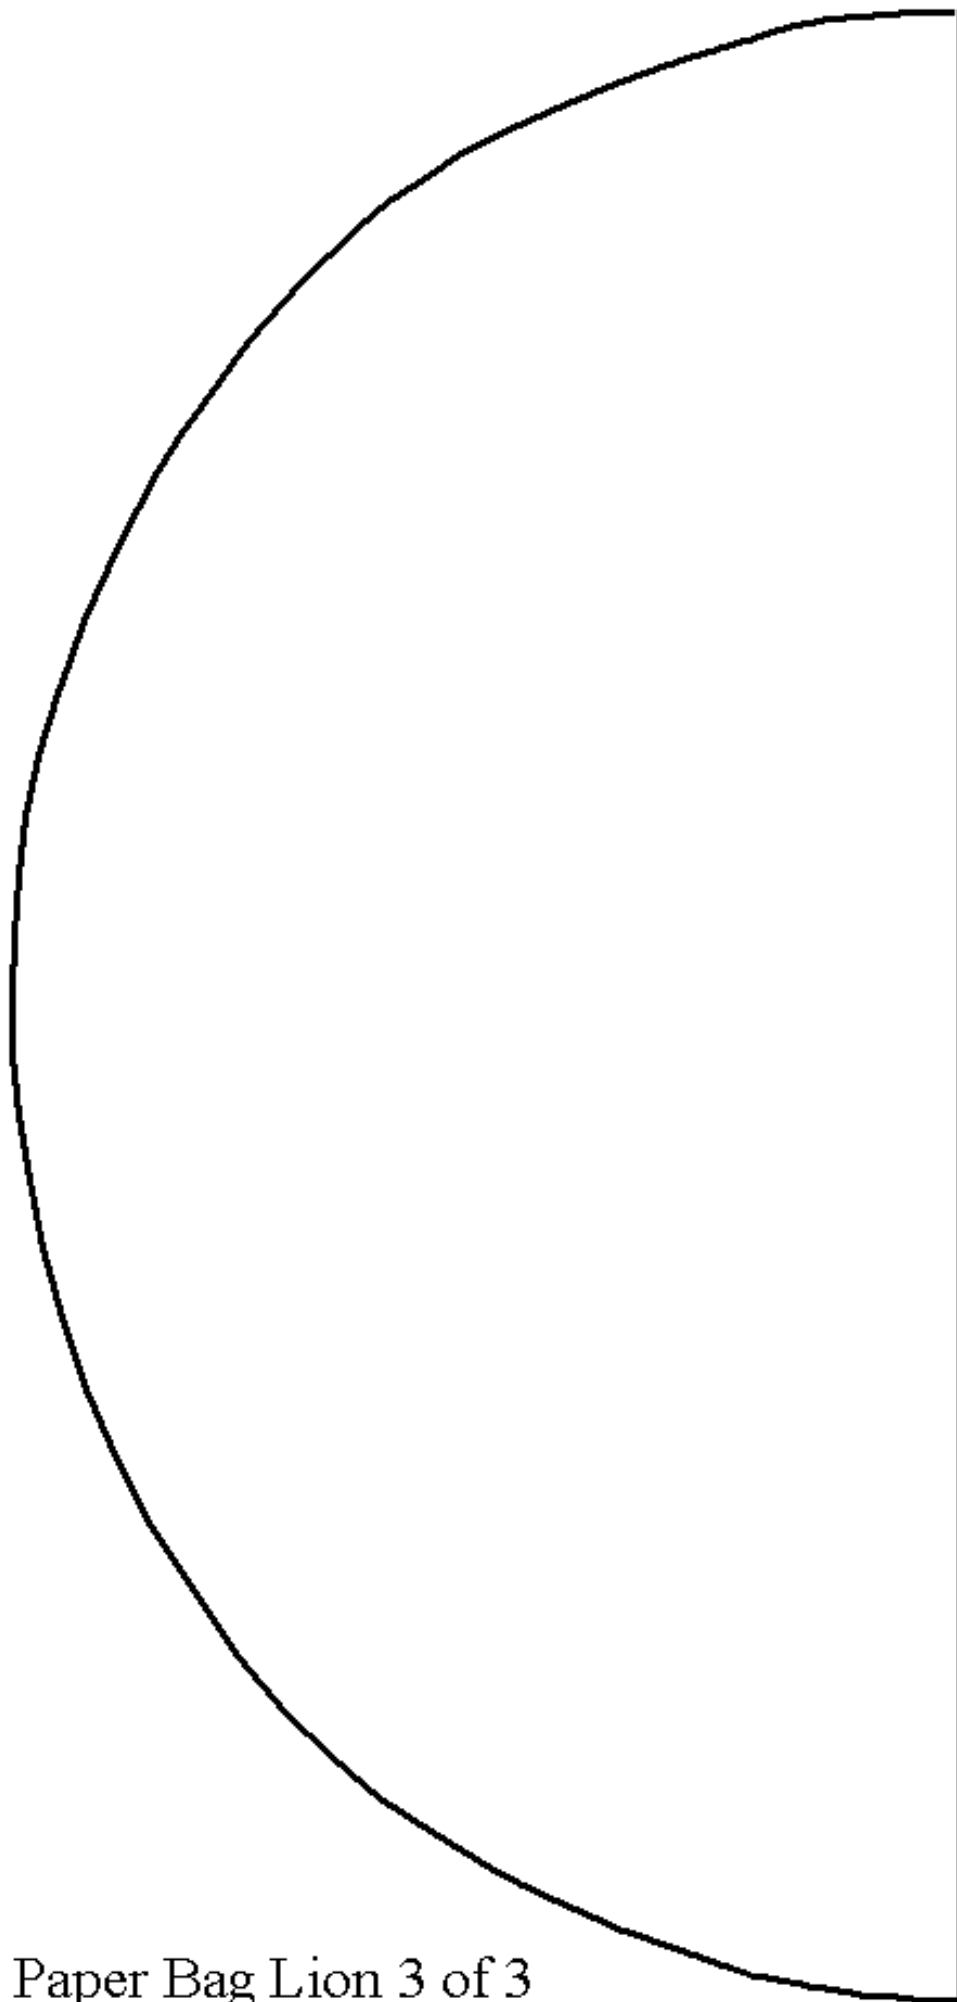

# WEEK # 1 CRAFT: LION PAPERBAG PUPPET

Glue paws under side flaps of the bag. We glue them to the top of the side flaps, not the bottom as they look better that way when the bag is used as a puppet.

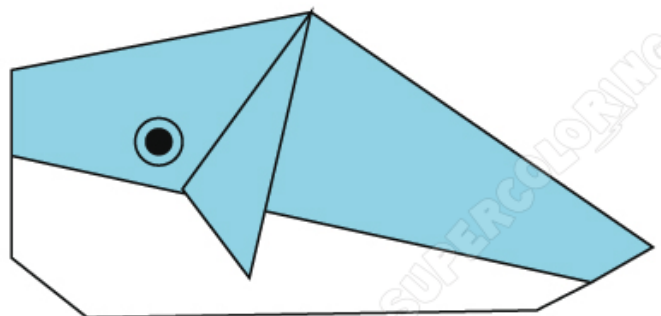

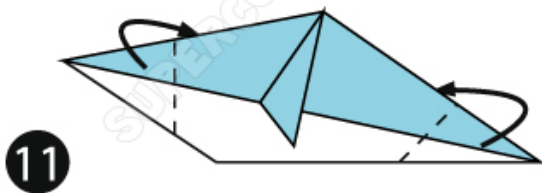

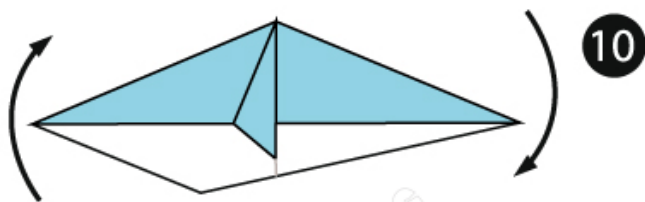

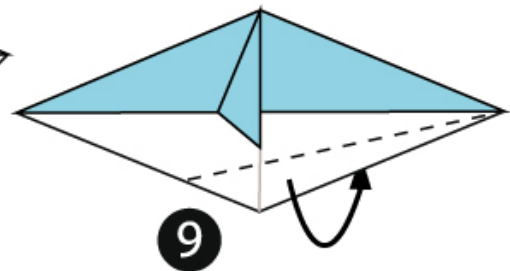

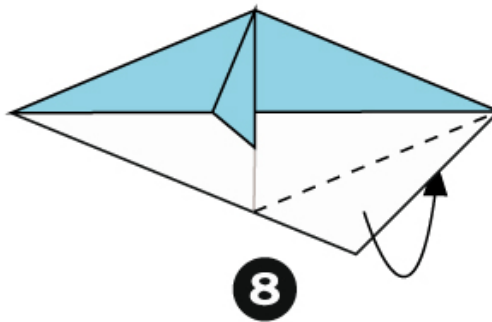

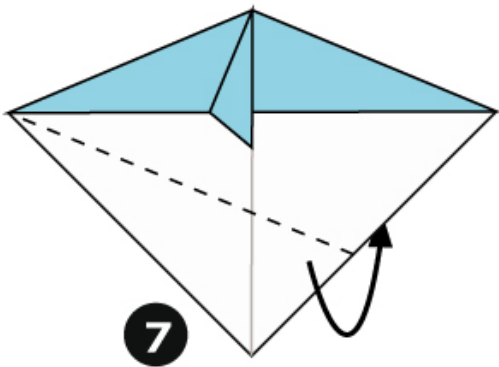

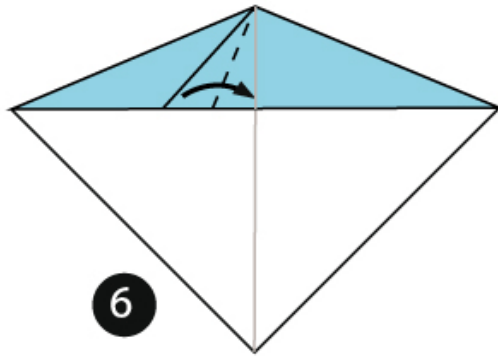

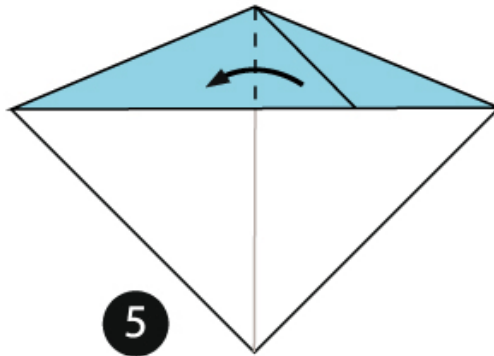

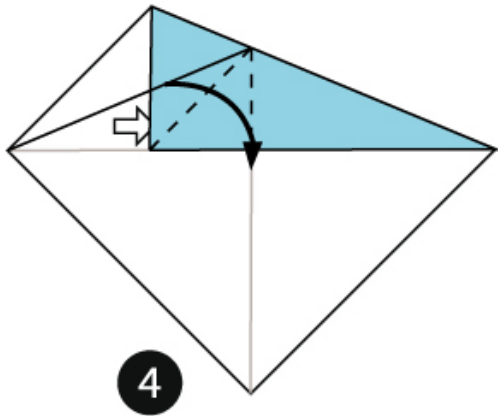

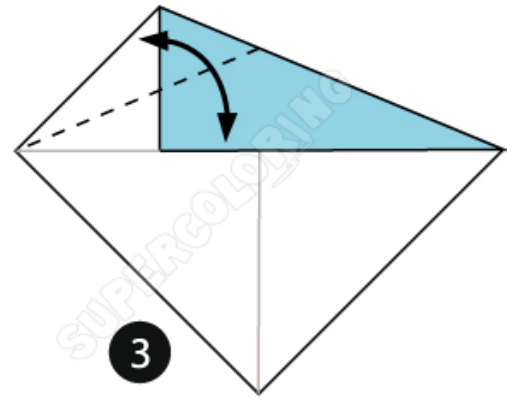

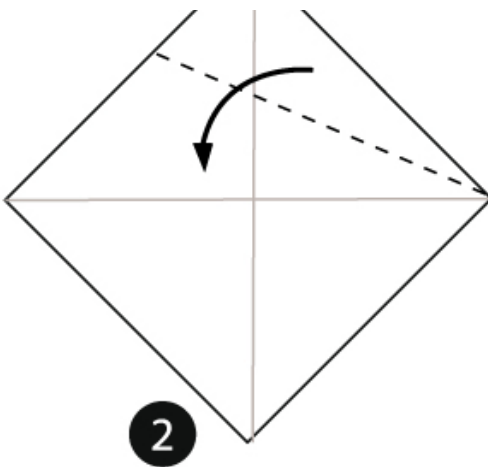

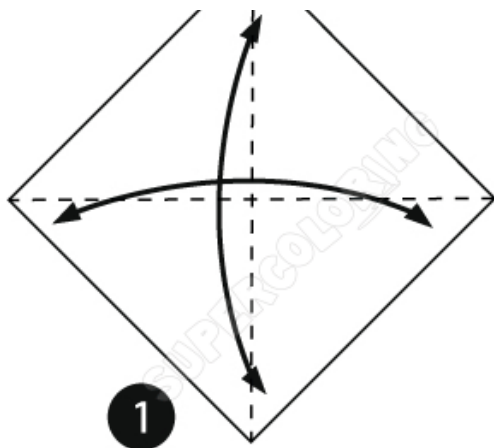

Print twice (the mane)

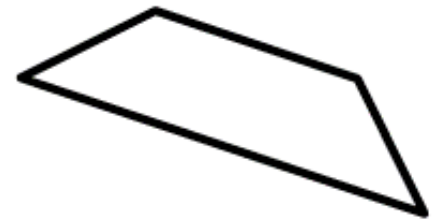

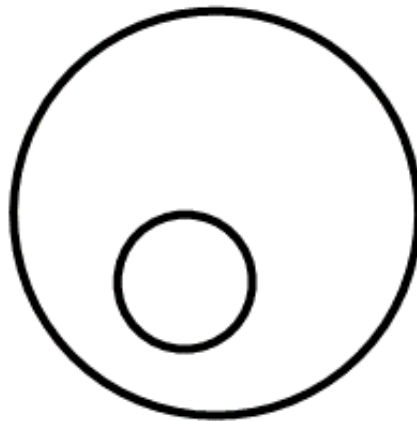

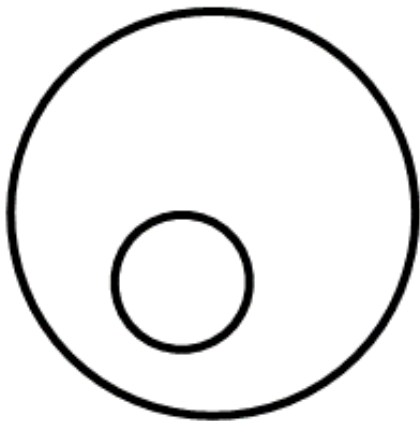

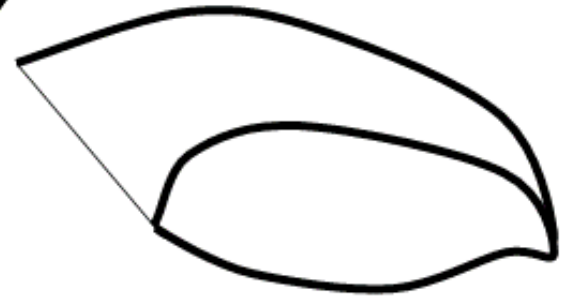

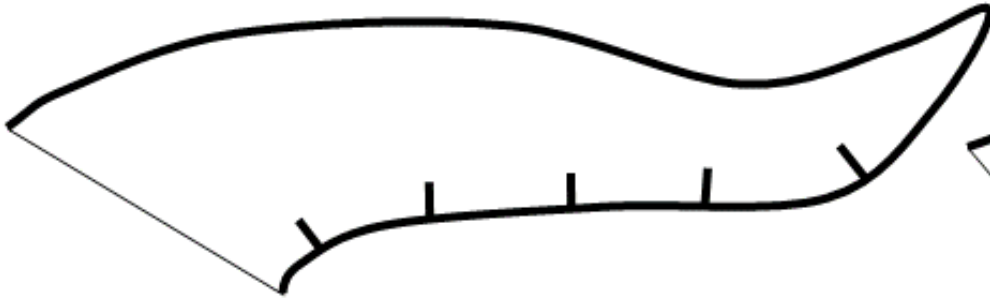

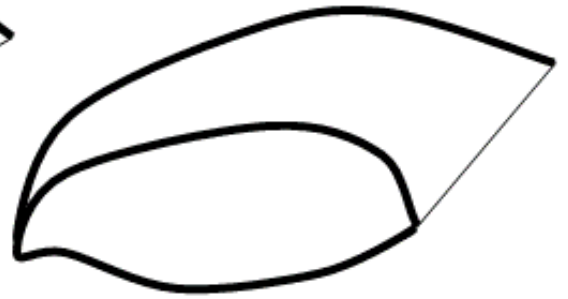

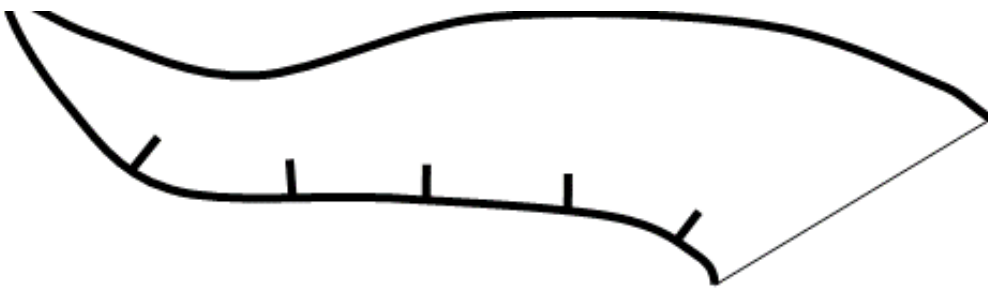

One goes behind the bag and the other goes under the flap  
(BEFORE) you glue on the tongue

To spruce it up, cut a fringe all around with scissors and curl with a pencil.

## WEEK # 4 CRAFT: 3D PAPER DINOSAUR

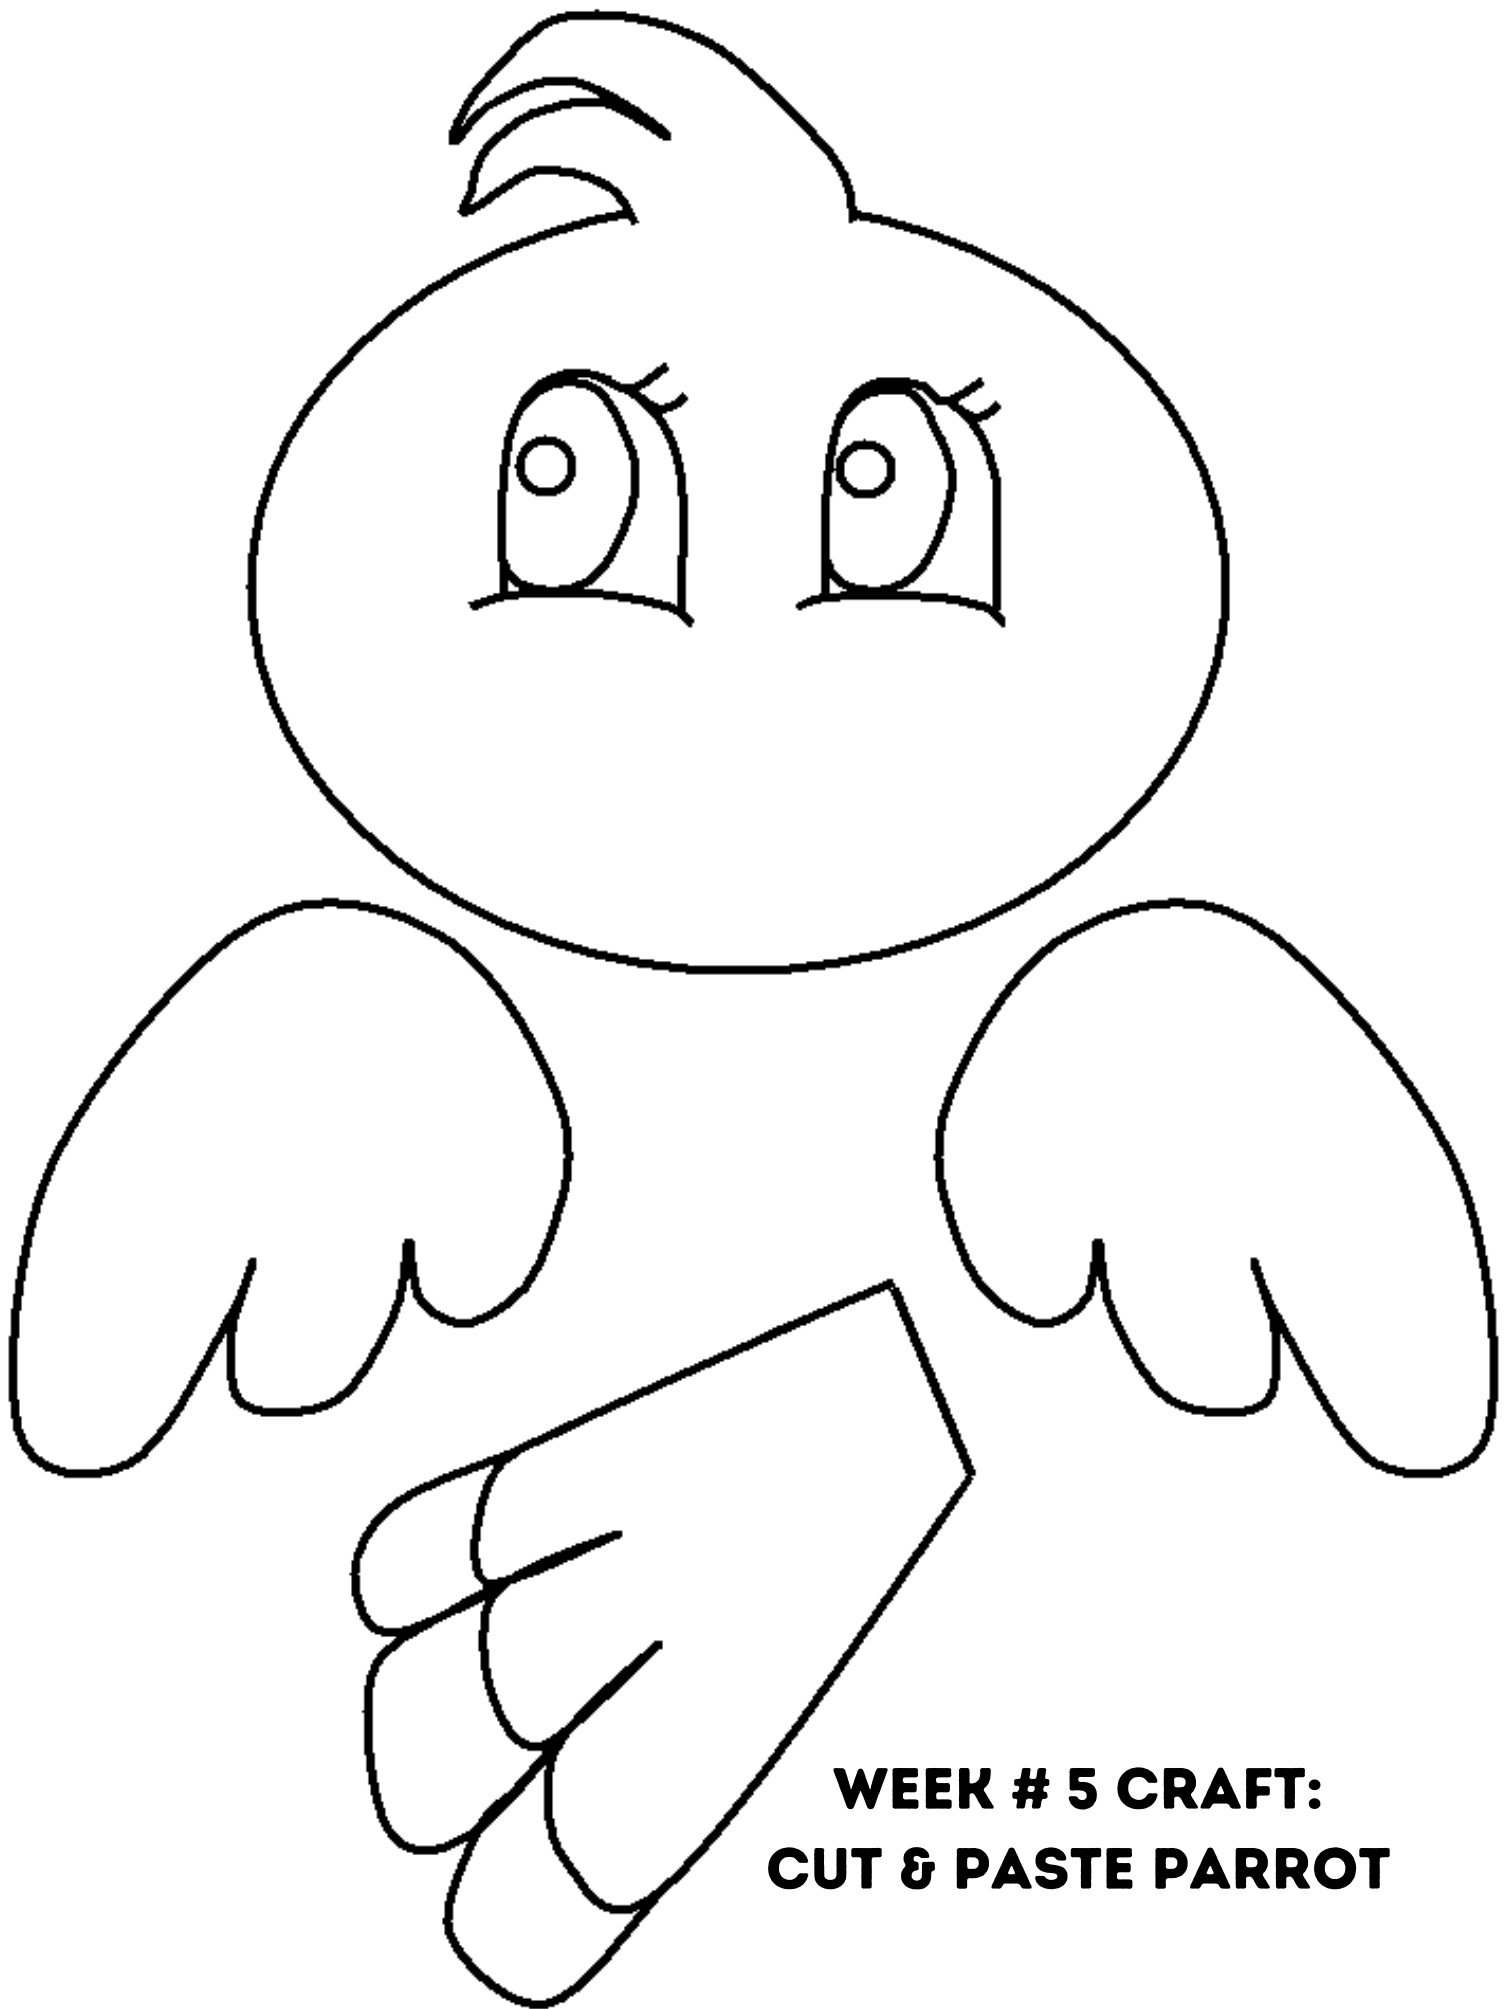

Fold on the dotted lines and use the tabs to glue or tape the pieces into 3D shapes.

The base is a cylinder, the shirt is a cone and the head is a cube with a pyramid-like top.
